About CHARLIE's Ride

CHARLIE's Ride was established in 2010, dedicated in loving memory of the founder and event coordinators' father, Charlie Lewandoski, who lost his 20-year battle with heart disease in July 2009 – and others just like him.

CHARLIE's Ride three-fold objective is to:

- 1) Promote heart disease awareness & prevention strategies
- 2) Remember the millions impacted by heart disease,
- 3) Raise funds for heart disease support by donating 100% of the proceeds go to Cardiac Care Programs at Saint Francis Hospital and Medical Center.

Our Motorcycle Ride supports The Hoffman Heart and Vascular Institute of Connecticut.
Our Biker Ball supports Phillips Women's Heart Program

The 1st **CHARLIE's Ride** charity motorcycle event was held on 08/15/10 where over 100 bikes and 220 participants rose over \$4,000 to benefit the American Heart Association.

CHARLIE's Ride redirected its support locally, in 2011 by partnering with Saint Francis Hospital. Our 2nd Annual event took place on 08/13/11 and over 130 bikes and 275 participants raised over \$6,600!

In 2012, **CHARLIE's Ride** is expanding to present a "Queen of Hearts Biker Ball" to celebrate Women's Heart Health month and raising money for the Phillips Women's Heart Program at Saint Francis.

The 3rd Annual **CHARLIE's Ride** will take place on 08/12/12 again at TSI Harley Davidson in Ellington & Big Shot Billiards in East Windsor benefiting The Hoffman Heart & Vascular Institute of Connecticut.

Exceptional results so far and we only just begun! With the continued support of generous people like you, either through participating or with your tax deductible donation (in cash or in kind), you can help us raise funds for this wonderful cause and help us make our dreams become a reality with **all proceeds** going directly Saint Francis! Sponsorship opportunities are available and volunteers are always welcome.

Please consider supporting **CHARLIE's Ride** and help us save lives in the CT area!
